New Chamber software has arrived ...

Improved northsachamber.com features are here!

- **Manage your membership - Member Information Center (MIC) dashboard**
- **Market your business online - Job Bank, Hot Deals, Calendar of Events, MarketSpace and more**
- **Monitor traffic to your content on northsachamber.com**

In an effort to better serve you, we have converted to a new member software application that enables the North SA Chamber to better manage information, involvement and events - while offering you enhanced benefits.

Members will enjoy new website features and benefits including:

- **Login** to the **Member Information Center (MIC)** dashboard to manage your membership
- **Network** with members through posts and community content in the **MIC Social Feed**
- **Market** your business in the **Member Directory**
- Add company social media and website links to **online directory listing**
(include multi-media and expanded content with enhanced or upgraded membership)
- **View** and edit your company information, representatives and groups
- **Personalize** company and representative profile social media links, graphics and contact information
- **Distribute** news on northsachamber.com blog and/or eNews with **News Release** feature
(with upgraded membership)
- **Broadcast** your brand and website with a **Sponsor Ad** on northsachamber.com
(with upgraded membership)
- **Promote** an event through the **Calendar of Events**
- **Post** RFPs for any type of procurement project and publicize them online
- **Market** your product/service through the **MarketSpace** online member store
- **Recruit** talent through a more robust **Job Bank**
- **Advertise** your product/service through public or member-to-member **Hot Deals**
